The Romanian Farmer

A couple of months ago Tony raised some money, that he took with him to Romania for a farmer who needed his electric supply connected to the house. The following is the latest news from Tony.

“A contact that I have in Romania has noticed that the electric company has begun erecting posts to carry the power to the house. This is good news, the work has started and things are moving. The farmer has been able to pay the required deposit - thanks to the help received from Kettering church. The work is expected to take around two months to complete”.

Thank you. Tony Welch
